

Year 1 – Autumn – Geography – Pupil Knowledge Organiser

WHAT DO I ALREADY KNOW?		WHAT AM I LEARNING NOW?		
- We live in a country, but we may come from different countries. - Coronation Gardens is a small park next to the school. - King George's Park is a large park near the school. - Shops are places where we can buy different things like food and clothes. - Restaurants and cafés are placed where we can buy food and drinks to have there.		- Where is Southfields? - What is the Southfields area like? - What does Southfields look like on a map? - What can I see in the Southfields area? - How could we make Southfields better? - How can we present our survey results?		
KEY KNOWLEDGE: THE LOCAL AREA		GEOGRAPHICAL SKILLS	KEY VOCABULARY	
 The school's local area is called Southfields.  Southfields is an area within London.  London is the capital (main) city of England.  England is one of the four countries that make up the United Kingdom (UK).  Southfields is part of a city making it an urban area.  Physical features in our local area includes the River Wandle.   Human features in our local area includes: streets and roads, shops, restaurants, schools, parks, and the local underground station.		 Fieldwork: Exploring an area to find out more about it.  Enquiry & Investigation: Asking geographical questions about a place and trying to answer them.  Communicate Geographical Information: Sharing the answers to our questions in the best way possible.	local city town village urban rural map physical features human features river	The space, and things within or near to, where you live. A large and important urban area where many people live and work. A built-up area with homes and shops. Towns are usually urban areas. A small group of houses, and related buildings, located in a rural area. Areas where many people live and work. Lots of space is used for buildings with smaller green spaces. Areas where few people live and work. Lots of green space with a much smaller amount of space used for buildings. A drawing of a location, from above, to show where its main features are. Any part of an area that is on the Earth naturally. Any part of an area that was made by people. A moving body of water.
